

## REVIEW FOR APPLICABILITY OF/COMPLIANCE WITH ORDINANCES/POLICIES

FOR PURPOSES OF CONSIDERATION OF  
Kirkorowicz Minor Subdivision, Tentative Parcel Map  
TPM 20986RPL<sup>3</sup>/ER05-02-037  
October 22, 2009

**I. HABITAT LOSS PERMIT ORDINANCE** – Does the proposed project conform to the Habitat Loss Permit/Coastal Sage Scrub Ordinance findings?

YES  
☐

NO  
☐

NOT APPLICABLE/EXEMPT  
☒

While the proposed project and off-site improvements are located outside of the boundaries of the Multiple Species Conservation Program, the project site and locations of any off-site improvements do not contain habitats subject to the Habitat Loss Permit/Coastal Sage Scrub Ordinance. Therefore, conformance to the Habitat Loss Permit/Coastal Sage Scrub Ordinance findings is not required.

**II. MSCP/BMO** - Does the proposed project conform to the Multiple Species Conservation Program and Biological Mitigation Ordinance?

YES  
☐

NO  
☐

NOT APPLICABLE/EXEMPT  
☒

The proposed project and any off-site improvements related to the proposed project are located outside of the boundaries of the Multiple Species Conservation Program. Therefore, conformance with the Multiple Species Conservation Program and the Biological Mitigation Ordinance is not required.

**III. GROUNDWATER ORDINANCE** - Does the project comply with the requirements of the San Diego County Groundwater Ordinance?

YES  
☐

NO  
☐

NOT APPLICABLE/EXEMPT  
☒

The project will obtain its water supply from the Vista Irrigation District which obtains water from surface reservoirs and/or imported sources. The project will not use any groundwater for any purpose, including irrigation or domestic supply.

**IV. RESOURCE PROTECTION ORDINANCE** - Does the project comply with:

The wetland and wetland buffer regulations (Sections 86.604(a) and (b)) of the Resource Protection Ordinance?	YES <input checked="" type="checkbox"/>	NO <input type="checkbox"/>	NOT APPLICABLE/EXEMPT <input type="checkbox"/>
The Floodways and Floodplain Fringe section (Sections 86.604(c) and (d)) of the Resource Protection Ordinance?	YES <input checked="" type="checkbox"/>	NO <input type="checkbox"/>	NOT APPLICABLE/EXEMPT <input type="checkbox"/>
The Steep Slope section (Section 86.604(e))?	YES <input checked="" type="checkbox"/>	NO <input type="checkbox"/>	NOT APPLICABLE/EXEMPT <input type="checkbox"/>
The Sensitive Habitat Lands section (Section 86.604(f)) of the Resource Protection Ordinance?	YES <input checked="" type="checkbox"/>	NO <input type="checkbox"/>	NOT APPLICABLE/EXEMPT <input type="checkbox"/>
The Significant Prehistoric and Historic Sites section (Section 86.604(g)) of the Resource Protection Ordinance?	YES <input checked="" type="checkbox"/>	NO <input type="checkbox"/>	NOT APPLICABLE/EXEMPT <input type="checkbox"/>

**Wetland and Wetland Buffers:** The site contains southern coast live oak riparian forest, which if disturbed would result in a significant impact. The entire area of southern coast live oak riparian forest will be placed in an open space easement prior to issuance of improvement or grading plans or prior to recordation of the Parcel Map, whichever comes first. There will be no net loss of wetlands and therefore no significant impact will occur. Therefore the project will comply with the Resource Protection Ordinance.

**Floodways and Floodplain Fringe:** The project is not located near any floodway/floodplain fringe area as defined in the resource protection ordinance, nor is it located near any watercourse which is plotted on any official County floodway/floodplain map. Therefore, it has been found that the proposed project complies with Sections 86.604(c) and (d) of the Resource Protection Ordinance.

**Steep Slopes:** Slopes with a gradient of 25 percent or greater and 50 feet or higher in vertical height are required to be placed in open space easements by the San Diego County Resource Protection Ordinance (RPO). There are no steep slopes on the property. Therefore, it has been found that the proposed project complies with Sections 86.604(e) of the RPO.

**Sensitive Habitats:** No sensitive habitat lands were identified on the site. Therefore, it has been found that the proposed project complies with Section 86.604(f) of the Resource Protection Ordinance.

**Significant Prehistoric and Historic Sites:** The property has been surveyed by a County of San Diego certified archaeologist/historian, Gail Wright on February 16, 2006, and it has been determined that the property does not contain any archaeological or historical sites.

**V. STORMWATER ORDINANCE (WPO)** - Does the project comply with the County of San Diego Watershed Protection, Stormwater Management and Discharge Control Ordinance (WPO)?

YES

☒

NO

☐

NOT APPLICABLE

☐

DPW staff has reviewed the Stormwater Management Plan (SWMP), prepared by Pasco Engineering. The document is complete and complies with the San Diego County Standard Urban Stormwater Mitigation Plan (SUSMP) and Watershed Protection Ordinance (WPO) requirements for a SWMP.

**VI. NOISE ORDINANCE** – Does the project comply with the County of San Diego Noise Element of the General Plan and the County of San Diego Noise Ordinance?

YES

☒

NO

☐

NOT APPLICABLE

☐

The proposal would not expose people to nor generate potentially significant noise levels which exceed the allowable limits of the County of San Diego Noise Element of the General Plan, County of San Diego Noise Ordinance, and other applicable local, State, and Federal noise control regulations.

Transportation (traffic, railroad, aircraft) noise levels at the project site are not expected to exceed Community Noise Equivalent Level (CNEL)=60 decibels (dB) limit because review of the project indicates that the project is not in close proximity to a railroad and/or airport. Additionally, the County of San Diego GIS noise model does not indicate that the project would be subject to potential excessive noise levels from circulation element roads either now or at General Plan buildout.
